Special Anniversary Issue

Canadian Association for Population Therapeutics
Association Canadienne pour la Thérapeutiques des Populations

ABOUT US

The Canadian Association for Population | Association Canadienne pour la Thérapeutiques des Populations (CAPT-ACTP) is a not-for-profit organization comprised of scientists and researchers, government, industry and consulting, academia, and the patient community.

Canadian research spans and reflects our diverse membership base and includes epidemiology, economics, and policy decision-making across a number of disease strands and unique stakeholder interests.

MISSION

Our mission is to advance population-based research of therapeutic interventions to improve the health outcomes of Canadians by:

- *Bringing together diverse perspectives*
- *Facilitating the open exchange of ideas and collaboration*
- *Influencing policy and practice*

VISION

Our long-term vision is to become the recognized Canadian leader for linking population-based therapeutic research, policy and practice to optimize health outcomes.

President Message

Shazia Hassan

I am honoured to introduce you to a historical milestone for the Canadian Association for Population Therapeutics | Association Canadienne pour la Thérapeutiques des Populations (CAPT-ACTP).

This year marks CAPT-ACTP's **25th Anniversary**. Throughout the years, CAPT-ACTP is proud to have been able to provide a forum that brings together perspectives from industry, government, academia, payers, healthcare providers, and patients to discuss innovations and ideas, and to contribute to the evolution of population therapeutics in Canada.

The first independent CAPT-ACTP conference was held on April 29th, 1996, and to celebrate this milestone, CAPT-ACTP will officially launch our **25th Anniversary** celebratory activities on April 29th, 2021 ahead of our virtual conference, which will be held on October 25th-26th, 2021.

COVID-19 continues to impact our lives and while we hope to return to an in-person conference very soon, our virtual conference will allow us to reach a broader audience and also presents unique opportunities for engagement. We have some exciting things planned ahead of our conference, so we encourage you to sign up for our mailing list by visiting our website (www.capt-actp.ca) and by following us on Twitter (@CAPT_ACTP). *Stay tuned!*

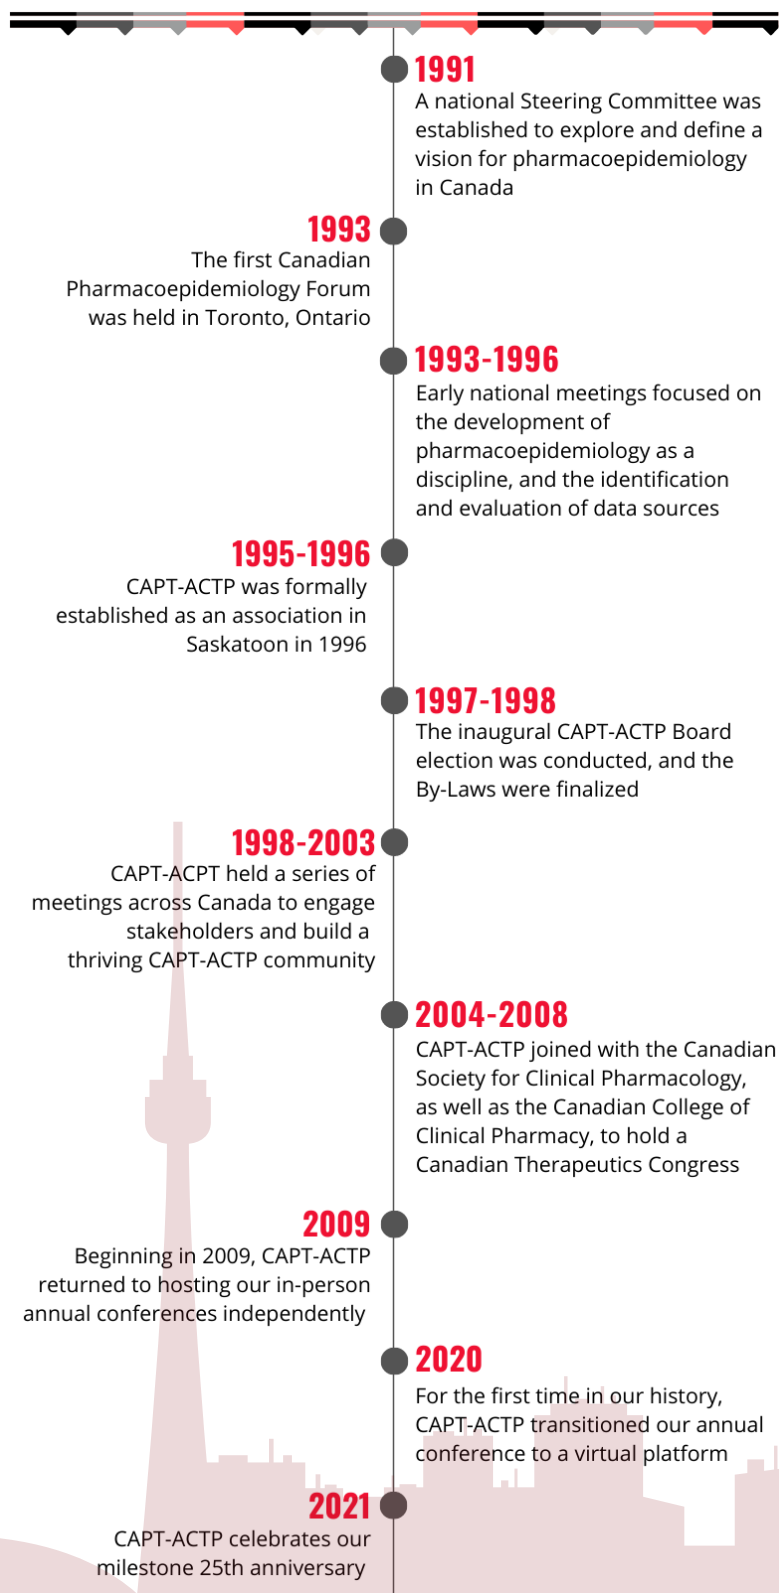

We invite you to take a journey with us this year as we reflect on the evolution of our organization and celebrate the achievements of the last 25 years. While we look back at the past, we hope to use the dialogue from our past conversations and apply them as we look forward to the future. Thank you for joining us in our celebrations, and we look forward to engaging you this year!

Shazia Hassan

Kris Schindel Award

Kris Schindel was instrumental to the CAPT-ACTP Secretariat for many years, providing strong support and continuity to the Board and Executive in the face of ever-changing board composition and organizational growth.

In acknowledgment of her enduring impact and contribution to the association, CAPT-ACTP established the annual “**Kris Schindel Award**” to recognize those members who have, in some way, contributed significantly to the betterment of the organization.
